

# Pruthvi K. P.

Enthusiastic and dedicated Computer Science student with a passion for solving complex problems and creating innovative solutions.

## Education

Course	Institute	Graduation Year	Result
B.E. in Computer Science	JSS Science and Technology University	2025	9.62 CGPA
PUC	Vijaya Vittala Composite PU College	2021	100%
SSLC	Bharatiya Vidya Bhavan	2019	99.52%

## Skillset

- Programming Languages: Python, C, SQL
- Data Structures and Algorithms
- Machine Learning, Deep Learning, Data Science
- Web Development: HTML, CSS

## Experience

### Machine Learning Intern @ CodSoft, Remote

The project assigned during the internship comprised three main tasks in Machine Learning: Movie Genre Classification, Customer Churn Prediction, and Spam SMS Detection. Key features of the project included textual data processing, regression and classification technique, evaluation and optimization of the model.

## Projects

- **Restaurant Database Management System**

A simple project implemented in SQL, facilitates efficient management of restaurant operations, including menu management, order processing, and customer relationship management.

- **Othello**

An Othello game implementation utilizing AI techniques such as minimax and alpha-beta pruning, enabling strategic decision-making and optimal move selection for both player and AI opponent.

## Additional

Editor at The Editorial Board,JSSSTU

- Part of editing and writing articles for the University's annual magazine
- Participates actively in organizing cultural events
